Advanced Needle Threader

With just a few simple motions, your needle is threaded and ready to use - it's so easy, you can do it with one hand!

Quick-Set Bobbin Winder

Winding bobbins can be hassle free! The winder seat holds the thread in place and stops automatically when the bobbin is full.

Quick-Set, Top-Loading Bobbin

Simply drop your bobbin in the machine, pull your threads through the slot, and let your machine do the rest of the work.

Push Button Features

Easily position the needle up or down, reinforce any stitch with the reverse sewing button, or sew without a foot control using the start/stop button.

Programmable Stitch Functions

Program steps like stopping the needle or cutting threads into your machine. These stitch functions perform with professional quality every time.
